

# Aluminium Hose Reels

MODEL// P-LP-150-AL-BGX

## Alumi-Pro® Series

**Alumi-Pro® Series “Aluminium Professional-Grade” spring driven hose reels have the strength of steel without the weight.** The Alumi-Pro® series is modeled after the popular P Series line of hose reels, but are uniquely constructed out of high quality Aluminium. They're compact, lightweight and non-corrosive making them the perfect choice when polypropylene or plastic hose reels are not the preferred choice due to their limited strength and durability.

### ALUMI-PRO® SERIES Offers...

- ✓ Industrial Strength Powder Coated Aluminium Construction
- ✓ Compact Space Saving Size
- ✓ For Applications That Require Professional Grade Strength Without The Weight

MOTOR  
MANUAL  
SPRING

Drive Type	<b>Spring</b>
